CBMM welcomes new docents

The Chesapeake Bay Maritime Museum (CBMM) recently welcomed three new and one returning docent to its dynamic interpretive program.

Following an intensive, three-week, six-session training course, docents are versed in Chesapeake environmental and social history, tour methodology, and public speaking.

Upon graduation, which includes a critiqued presentation, each is qualified to lead a general, 90 minute 'highlights' tour of the Museum's exhibits and collections.
