CBMM expands docking services for members

The Chesapeake Bay Maritime Museum (CBMM) in St. Michaels, MD has expanded its members' docking services to include free Wi-Fi, complimentary coffee, and extended hours of operation. The museum's 18-acre waterfront campus sits along the Miles River and St. Michaels Harbor with more than 20 slips for docking.

Overnight docking privileges are available to contributor-level members and above. In addition to the new services, CBMM provides showers, electric, and a pump-out station, with a dockmaster available seven days a week from 9am to 6pm. Contributor level members and above can make overnight docking reservations up to two weeks ahead of the date of arrival, pending slip availability.

Day dockage at the Museum is available to family and contributor-level members at a rate of \$15 per day and is free for supporter-level members and above.
